2016-54	9/8/2016	Rebecca L. Cohen, Mitigation Investigator	Copy of a report issued by the Attorney General's office after an investigation into a murder at the Maine State Prison that occurred on March 5, 1990. From my research, the report appears to have been issued on February 25, 1983 by Attorney General Michael Carpenter. The murder victim was inmate Larry Richardson. Inmate Roger L. Smith was convicted of the murder. The investigation, the best I understood, was to determine the prison staff's responsibility in the circumstances surrounding the murder. The report did not result in charges against any prison staff, but reprimands were issued.	Phyllis referred Ms. Cohen to the Maine State Library for the report and attached the online catalog reference for the report.	Phyllis Gardiner

2017-07	1/27/2017	Matthew D. Morgan, Esq., McKee law	I represent Joshua Harrison in pending criminal matters in the U.S. District Court. His sentencing requires certain documents from a court case when he was a victim in minor sex crimes. Unfortunately this happened at a time when he was particularly young and he is unable to recall specific names and dates from the cases in question. As such my request is made as specifically as possible, but is not able to provide exact docket numbers. The case involved sexual assault on minors, including Joshua Harrison (dob: 09/12/1982) in Waterville, Maine. The rough date of the offenses is 1996 or 1997. Josh was 15 at the time of the offenses. The last names of the two male defendants who would have been defendants who ultimately were convicted of sex charges in these cases were Sweet and Poulin. They were both owners and operators of a video store in Waterville named "Fast Forward Video." There were multiple minor victims in this case. This request is being made as a FOAA and FOIA request as well as a request pursuant to Josh's rights as a victim of a crime under Maine law. I am requesting these records from the Attorney General's Office in the chance that it handled these charges. I am not sure whether that's the case or not, but		Lisa Marchese, Brian MacMaster

2017-10	1/27/2017	Kevin J. Collins, prisoner, Maine State Prison	RE: 2.12 'Prisoner Savings Plan' Policy. June of 2011, former Commissioner (Joseph Ponte) implemented a prisoner savings plan under 2.5.4 policy. Last year, this police changed to 2.12 revisions. Can your office please confirm or deny if this new policy contradicts both Title 34-A MRS §1402(3)(B) and §3639 statutes? The basis of this claim I am raising, disputes a violation of an inmate's right to due process and not duly adopted thru Maine's Administrative Procedures Act (Title #5 M.R.S.A). Pursuant to Title #1 M.R.S.A. §§401-412 under Freedom of Access Act. I would like to know of any other complaints your office has received, concerning this 2.12 policy?		Diane Sleek

2018-109	12/26/2018	Jack Dodson, Reporter, Vice News	<ul style="list-style-type: none"> <li>•I'm looking for data on how many drug prosecutions there were overall between January 1, 2008, and December 26, 2018. Beyond that, for the same time period, I'd like the number of prosecutions specifically dealt with possession of heroin, Suboxone, Methadone, fentanyl, or Oxycontin (all together, "opiates").</li> <li>•I'm also looking for data on how many drug prosecutions were referred to a drug court for the same dates. Raw numbers of enrollees that were originally charged with a drug crime would work.</li> <li>•I am also requesting any and all emails from Attorney General Janet Mills containing any of the words "opiates," "opioid," "methadone," "fentanyl," "oxy" and "Suboxone" and "heroin" between January 7, 2013, and December 26, 2018.</li> <li>•Lastly, I would like to request any internal documents (dated between January 7, 2013, and December 26, 2018) that outline policies or reports for how attorneys affiliated with the state office should handle cases involving opiate addiction and drug trafficking.</li> </ul> <p>I am attempting to use this information to understand how in the past 5 years the office has addressed the opiate crisis through prosecutions for a print article. that this information be provided in Excel or PDF form by electronic mail, so that I can work it into datasets easily.

At a minimum, I hope you're able to provide some raw numbers regarding how many drug prosecutions there were and how those numbers changed during the past 10 years. Any internal policies or reports regarding opiate prosecutions would be a huge help.

2018-21	4/4/2018	William H. Thompson, Management Analyst, Office of Policy and Management	During last night's democrat gubernatorial debate Attorney General Janet Mills reportedly stated that she received, "mean-spirited," letters under her door from the Governor late on Fridays at her office. I respectfully request under the state Freedom of Access Act all letters received by the Attorney General from the Governor, all video surveillance of the Attorney General's offices over the period that corresponds with the dates of the letters, and door access readouts into the Attorney General's offices from the dates that correspond with the letters.	Acknowledgment email from Linda Pistner sent out on 4-12-18 with a response from William Thompson with clarification of the time frame for the information requested being since Janet Mills became Attorney General until 4-13-18. AG's office does not possess any video surveillance equipment or recordings or any "door access readouts." The requestor could seek to obtain those records from Capitol Security or DAFS. Because the requester works for the Governor and has access to all of the correspondence referenced in the request, no further response is required	Janet Mills, Linda Pistner

2018-40	5/1/2018	Laurie Houston, Associate Producer, Lusid Media	<p>I work for Lusid Media, a Tennessee-based company that produces programs for Investigation Discovery. Currently I'm researching the Michael Hutchinson case - Hutchinson was convicted for the May 1994 murder of Crystal Perry in Bridgton.</p> <p>I understand any materials from this case would now be with the AG's office. I understand that crime scene video was filmed - is that video still available? What other materials/exhibits are also still available, in addition to reports/records? What is the procedure and cost to obtain copies? And would you be able to forward an exhibits list?</p>		Lisa Marchese

2019-13	2/22/2019	Eric Russell, Portland Press Herald, Maine Sunday Telegram	<p>In 2008, then-Attorney General Steve Rowe sued a man named John Sanford, who was a trustee of a charitable trust for Richard Paine and the Seal Cove Auto Museum. That suit led to a consent decree, which also was settled in 2008. I'd first like to request a copy of that consent decree.</p> <p>Secondarily, though, the case resurfaced in 2016 when the AG's office was named in a suit filed by the Auto Museum. The AG's office was named as a beneficiary of the nonprofit. Anyway, that suit was dropped but the AG's office, this time under Janet Mills, filed a cross-claim against the parties, including Mr. Sanford. I believe that was in 2017. I'm trying to figure out the status of that second claim, which I believe is still pending. And if you have a copy of the original claim, I'd like to request that as well.</p>		Linda Conti
